Our Mission:

Relying upon over twenty years of experience and integrity in the SE LA construction industry, we strive to remain the preferred provider of new construction, repair and reconstruction, and facility maintenance solutions for quality-minded owners, for reliable and committed vendors and suppliers, and for talented and creative employees.

Our vision for the owner/contractor relationship is based upon trust, honesty, ethics, transparency, collaboration, and flexibility in order to achieve a successful project partnership.

Design/Build:

Grand Construction Company has assembled a design/build team concept for commercial construction for that has put new, exciting, and innovative facilities in our region for a variety of industries. In an active and changing market, we offer owners an opportunity to establish a long-term relationship with a design/build team to imagine, develop, design and construct facility solutions faster and more economically than the traditional bid/evaluation/negotiation process.

Commercial Construction:

- Pre-engineered Metal Buildings
- Conventional Construction
- Foundations & Concrete Structures
- Site Preparation, Paving & Parking
- Drywall & Framing, Rough & Finish
- Carpentry
- Reconstruction, Renovation & Build-Out

Maintenance & Consultation:

- Property/Facility Disaster Preparation and Management
- Real Estate Development
- Facility Maintenance and Repair
- Facility Improvements Consulting
- Project Management and Staffing
